God is able to send His blessing in the true shepherding
Mr. Sucipto (Madura)

First of all, I would like to testify about my store. I have a store for about 14 or 15 years now. I lease this building, which is in the downtown area. A few months ago, the owner of the building sent me a letter, saying that my contract would expire soon, and I had 2 months to leave because the building was about to be renovated.

I searched for another building to lease at the same area, but it was so difficult. Finally, I decided to **move to my own house**. My wife asked me, '*what about your frequent buyers?*' I replied, '*if we have the anointment of the Holy Spirit, people will come no matter where we are*'.

I was strengthened by God's word in the fellowship in Kartika Graha, Malang, which was about the **Jubilee, the year of liberation**. Everything that I lost will be replaced one by one by God. God's word also said that when we had problems, **we shouldnot focus on the problem, but on His word**.
I surrendered all to God.

A few days later, I moved to my own house. Briefly, **God sent my frequent buyers and I even had new frequent buyers**. In other words, more people came to my store than before.

I would also like to testify that nowadays **many people complaint**as there are a lot of unhealthy competitions in the business. People say, '*we work hard but the result is small*'.
I realize that if I was not in the true shepherding, I would perish, because my competitors are huge.

However, I feel safe because I am in the shepherding. Moreover, when other people worked very hard with a small result, **I got a great result. God gave me a small work with big result.**
For example: other people sold about 30 boxes, I only sold 1 box, but we earned the same amount of money. It was incomprehensible for my mind. The ratio was 1 to 30, and my goods were sold well.

I believe that everything happened because I was in the true shepherding, **the diligence in the 3 kinds of service**. It is difficult for the flesh, but it is the cross, the key to the Kingdom of Heaven. If we have the key to the Kingdom of Heaven, everything will be easy for God.

Praise the Lord, these are my testimonies. I hope it would be a blessing to us all. Praise the Lord.
