

God's Miracle

Yunety Lagamu (written when studying in Lempin-El Generation XXVIII)

Before I was shepherded, I had lived in the uncleanness and evilness. All people in my village knew me as a bad girl. I prayed to God and asked Him to bring me out of bad friendship. Praise the Lord because He heard my pray. He brought me to one shepherding where I accepted the word of God.

I have desire to become the servant of God since five years ago when I fell in love with Jesus for the first time but I did not join Bible School because I still followed unclean and evil sins. In Timika-Papua, I was active in committing three main services to the Lord in shepherding system and the power of resurrection lifted me up from unclean and evil sins.

When I heard the shepherding word about **Matthew 28:19-20**, my desire to become the servant of God was aroused again. One day, I heard about the opening of Bible School and I prayed to God. I followed the will of God and I joined Lempin-El Kristus Ajaib. I heard the teaching word in Lempin-El and God come with His mercy and kindness to help me. Jesus changed bitterness into sweetness in my life. He gives me a job that is, the best job of all jobs. The job is to become His servant. I am very happy. It is God's miracle to me.
