

The Power of Deliverance although Being Shepherded Long-Distance

Mrs Rosita Hoydem - Germany

I received the calling of God through the death of my mother. God called me through a way I had never realized, namely I met Mr. Berkat and his wife, the graduate of Lempin-El or the students of Rev. Widjaja. They made me know and guided me in the way of the Lord. They gave me a manna magazine where I could know the website www.kabarmempelai.org and I began to be shepherded.

It took time approximately thirty days for me to be in Indonesia due to the death of my mother and I used the time to serve God in the church, namely Filadelpia.

Formerly, I had been bound by **the sins concerning eating-drinking and marring-being given in marriage**. I had done one of the sins, namely **smoking**.

I could be released from the sin, **not because of my ability** as I and my husband had consumed the medicine to make us stop smoking and I had not been able to endure.

One day, **I lifted up my hands and cried the name of the Lord Jesus** *please deliver me from smoking, Lord.* God helped me.

I cannot count the mercy God has given to me and my husband.

God has corrected our false marriage after we confess our sins.

God blesses you.
