

The Power of the True Teaching Word

Mrs Deli (Bengkulu)

I and my family from Bengkulu want to testify about the mercy of God and His Word we have received since we were shepherded in June 2, 2013 in the three main services to God we join via live streaming of shepherding services in GPT Surabaya.

We feel many life renewals done by the power of the Word we have read and heard.

The life renewal makes our lives peaceful.

Formerly, my husband, whose name is Berkat Yohanes Nadeak, was bound by SMOKINGsin.

He was rebuked always by the Word preached by Rev.Widjaja we heard many times. In October 9, 2013, **my husband could be delivered from the bond of smoking**and the Word always strengthens him until now, so that he will not smoke again.

There are many life renewals we have experienced **because of the power of the true teaching Word**and we exceedingly give thanks because the Word starts to be the part of my family life.

We give thanks to Rev.Widjaja whom God has trusted to preach the Word that has changed my family life.

Let God change our lives more in 2014, so that we can obey the true teaching Word.

God blesses us.
