

God's Goodness and Miracle in my life

Mrs. Ridawati Sinaga (Medan)

Peace of God Jesus Christ be with us all.

I would like to testify **God's goodness and miracle in my life** personally.

I am a woman who is used to living in misery. Behind that misery, God led me to the truth of the word.

By the support of my brother/sister, I always tried to love God.

I always learnt to love God by reading the bible, pondering it, praying, and avoiding sins.

I kept asking God why I had such a miserable life.

I liked listening to the radio since 1995. I prayed to God: "God, I hope I can listen to a Christian radio..."

Until one day I listened to a Christian radio, namely Joy FM, which broadcast the preaching of Pastor Widjaja Hendra, our shepherd. I was happy and could enjoy listening to the word.

I longed to listen to the word directly.

One day, I heard that the pastor came to Medan every Friday, I could not believe it, but I gave thanks to God.

I came to the Bible Study Service in Danau Toba Hotel for the first time in September 2015.

Finally **I knew what a true shepherding was**.

I give thanks to God now that I am shepherded in 3 kinds of service in GPT Kristus Kasih, Jl. Suprpto 2ABC Medan.

Currently, only my child and I are in the shepherding. I want to experience the sanctification in my life. I hope every member of my family can be shepherded as well, especially my husband.

After that, **I experienced a miracle**. God's miracle that I had was that I had happiness and peace. I longed to live in righteousness, have a strong faith and a shield, and be a new man until the eternity in New Jerusalem.

The pastor has said several times that we need to climb the mountain and worship God based on the true teaching. However, my flesh is sometimes very weak. I realized and cried to God: "forgive me, God."

This is my testimony, may it be a blessing to us all.

Lord Jesus blesses us.
